

Overview

The GCS-1203 series electronic locks adopts a full-body slim design.

The lock is suitable for small to very large scale hotels and suitable for both guest room doors and back of house applications where the door types can vary.

GCS

1203

FEATURES

Standalone electronic lock with RFID technology.

Supports Mobile Access.

High security mortise lockcase with ANSI standard CE, FCC approved.

Solid steel handles with self-lubricating long life bearings.

3-point steel latch construction with an anti-friction mechanism.

Panic release function – the deadbolt and latch are automatically retracted by inside handle for easy egress in emergency situations.

Long lasting Escutcheon and durable handle levers.

Lock programming and audit records are not erased during battery replacement.

Powered by four (4) AA batteries that provide up to 12-18 months normal life.

Up to 990 event audit trail.

Low battery indicator alerts staff.

High security concealed cylinder override.

Customize key cards for different levels of access authorization.

Opening error detected by LED light and beep sound.

All cards have an effective period. Guest cards have limited access functions and expiration date.

Staff cards can be preset for operation during specified time and day.

Material	Escutcheon and Handles(Stainless steel quality SUS304) RFID and Battery Cover:Polycarbonate UL94V0 (Makrolon 6555)
Metal finishes	Brush Stainless Steel (Stainless Steel with PVD) Satin Brass (Stainless Steel with PVD) Black Nickel (Stainless Steel with PVD)
Battery location	Inside of the room
Power	6V DC 4 × AA alkaline batteries
Low Battery Indicator	Alerts staff that batteries need to be changed soon
Emergency Opening Option	Mechanical metal Key
User interface	2 colored LED display (blue and red)
Locking mechanism	Electro-mechanical locking mechanism located in the lockcase.
Working Temperature	-25°C-60°C
Working Humidity	10%-85%
Audit Trail	990 latest records include mechanical key
Door Thickness	40-70mm
Certifications	China Ministry of Public Security (MA) European CE-RED Directives USA FCC Part 15C (FCC ID) Australia C-Tick AS/NZS 4268
